ABOUT US

With an in-house design and development team and field experience of more than a decade, we cater to all requirements of a business, starting from brand designing to website development, software development, and digital marketing.

MISSION

3DM Solutions insists on the smallest aspects of the project to ensure that we provide flawless services to our customers. We spend time learning about our client's particular needs by applying the best techniques as well as refined methodologies to deliver appropriate outcomes within a specific timeline.

VISION

Our vision is to provide reliable, creative, high-quality, and budget-friendly services. We want to address the needs of our clients and to help them develop their business.

OUR APPROACH

WHY CHOOSE US

RELIABILITY

Producing reliable outcomes and satisfying customers' requirements has always been our top priority.

SUPPORT

Robust and prompt support from a highly qualified team with 80% instant resolution of your queries.

CUSTOMIZATIONS

Feel free to make customizations in your application. We will develop your product as per your preference.

COST EFFECTIVE

Develop cost-effective products of the highest quality for businesses of all sizes and industries.

OUR TEAM

SOFTWARE

Cloud-based, powerful, and secure software that automates your company operations and help your business grow.

GRAPHICS

Design and build a unique and compelling identity of your brand and make it distinctive among your business competitors.

WEBSITE

Create your professional website, with a clean and interactive design, and engage online with a vast audience worldwide.

CONTENT

Provides you with 100% original content that attracts the readers and makes them curious to know more about your business.

SOCIAL MEDIA MARKETING (SMM) & SEARCH ENGINE OPTIMIZATION (SEO)

Keep your targeted audience engaged through social media platforms and optimize your website for search engines through keyword research, link building, SEO-based content, and frequent website audit for better search visibility.

AFTERSALES SERVICES

At 3DM Solutions, we believe in values and loyalty with our customers. We care for our clientele post-sale and entertain their problems without delay. We have a powerful customer support system with a reliable team that addresses your queries and resolves them efficiently in a good time. Our standard after-sales services have led to great customer satisfaction and we have successfully retained 85% of our clients through our integrity and commitment. We provide,

- Complete training to use the product as per the feasibility of the customer once the product is delivered.
- Absolute and timely maintenance of your system after delivery.
- Prompt acknowledgments to your questions by our expert and attentive team as we don't want our clients to be in crisis.
- Immediate responses and assistance to clients through phone calls, Slack, and in-person meetings.

TESTIMONIALS

“

Alpha Container

When we decided to take our business online, we chose 3DM Solutions. And it proved to be a great decision. They entertained our ideas, provided us with professional consultancy, and gave us our desired results.

Mr.Hassan Chawla
Director

”

“

The 3DM team did a very impressive job. They aided us in the management and execution of the integration of our customer portal from the local servers to our online platform. Highly satisfied and content with the overall results.

Mr.Ammar Moten
Director

”

“

At 3DM Solutions, we received professional services and excellent quality work. They have provided us with tools to manage our business much efficiently now. And whenever we got stuck, the support team helped us out.

Mr.Adnan Peshori
Managing Director
